INTERNAL PAIN ARTHRITIS CARE

Today arthritis strikes 52.5 million Americans – that's more than one in every five adults shopping in your stores.

IMAK® Compression provides product options for all-day comfort and targeted relief from the pain of arthritis.

Also available in private label.

Use"

BENEFITS

- Only line of compression products commended for Ease of Use by the Arthritis Foundation
- · Comfortable non-invasive arthritis relief that lasts all day
- Mild, targeted compression provides warmth and relieves joint swelling
- May help with neuropathy and poor circulation

Compression Gloves with Ease of Use Commendation from the Arthritis Foundation up 19% over year as of October 2017.

BRACES, WRAPS, KINESIOLOGY TAPE PLANTAR FASCIITIS RELIEF

An estimated 10% of the population will develop heel pain over the course of their lives. Plantar Fasciitis remains the #1 cause of heel pain among adults and is common among a broad range of occupations where the individual is frequently on their feet.

Nice Stretch[®] products have options for 24 hour comfort and targeted relief from the pain of plantar fasciitis.

RELIEF FOR

- Plantar Fasciitis
- Heel Pain
- Achilles Tendonitis

Also available in private label.

Soft Stride is a comprehensive line of flexible foot orthotics that addresses many specific ailments and injuries to feet, heels, ankles, arches and legs.

These products help patients avoid or delay surgery, attenuate shock and provide pain relief. Athletes receive comfort during strenuous training and people who stand for long periods benefit from decreased fatigue and pain. The viscoelastic polymer mimics the qualities of soft body tissue. This unique polymer provides and redistributes pressure and attenuates impact.

Seal-tight is the #1 brand in moisture protection for 25 years. All Seal-tight products are latexfree, easy to use and guaranteed to perform. Seal-tight keeps casts and bandages dry.

- · Easy to apply, customized fit
- · Safely allows normal showering and bathing routines
- · Improves hygiene
- · Avoids costly re-casting
- Reusable and guaranteed to last the life of the cast
- Quality, durable materials

Also available in private label.

Joslin is #1 brand of arm slings at retail for more than 10 years and counting. Designed for extraordinary comfort. Available in 5 sizes from Toddler to Goliath.

- · Easily adjusted in seconds
- Machine washable
- · Designed to fit any size

Plastalume is the World's 1st aluminum/foam finger splint patented by Dr. Ivan E. Brown in 1965. Plastalume offers the best in splinting technology.

- Easy to apply and wear
- Conforms to finger
- Protects and promotes
 healing

Also available in private label.

HOT + COLD THERAPY COLD THERAPY WRAPS

Polar Ice® delivers the benefits of cryotherapy with compression for soft tissue trauma. Easily adjusted with hook & loop closure straps, fleece wrap conforms to body and insulates skin to prevent frost bite.

RELIEF FOR

- Post-surgery
- During rehabilitation
- After physical activity
- Bruises or injuries

ALTERNATIVE TENS DEVICES WEARABLE VIBRATION THERAPY

TARGETED RELIEF FROM PAIN

Vibrations serve as sensory distractions, disrupting pain signals constantly traveling from your body to your brain and replacing them with gentle massaging sensations.

CUSTOMIZED THERAPY MODES

Three distinct levels of vibration to help provide the perfect level of relief.

SAFE NON-INVASIVE VIBRATION THERAPY

Unlike TENS, vibration therapy can be used by anyone, including those who may be pregnant or with pacemakers.

RELIEF FOR

- Muscle stiffness and soreness
- · Headaches, migraines and sinus pain
- Painful joints and arthritis
- · Post surgery pain

PROVEN RESULTS

A recent study by the Pain Management Center in conjunction with Brigham and Women's Hospital and Harvard Medical School found Intellinetix vibration therapy may significantly reduce pain among those living with arthritis. Vibration therapy may also reduce inflammation as well as improve joint flexibility and strength.

NATURAL RELIEF FOR PAIN AND STRESS

IMAK Compression Eye Pillow conforms to your face and eyes blocking out light. Made of soft, breathable cotton material, Eye Pillow is comfortable to wear and the smooth ergoBeads[®] inside create a gentle massaging effect around your eyes.

RELIEF FOR

- Eye strain
- Puffy eyes
- Headaches
- Sinus pain
- Migraines
- Post surgery

CORPORATE PROFILE

HUMAN RIGHTS POLICY

Our policy focuses on fostering the following components in our workplace and the manufacturing facilities we partner with:

- Respect for Human Rights
- · Community and Stakeholder Engagement
- Valuing Diversity
- Safe and Healthy Workplace
- Workplace Security
- Anti-Forced Labor and Human Trafficking
- Anti-Child Labor
- Work Hours, Wages and Benefits
- Guidance and Reporting for Employees

CERTIFICATIONS

CE Declaration of Conformity

The CE Marking allows Brownmed to trade its products freely within the European Union.

Certificate to Foreign Government

The Certificate to Foreign Government is a United States Food and Drug Administration document which indicates that products manufactured by Brownmed are subject to the jurisdiction of the FDA.

ISO Certification

ISO Certification ensures Brownmed meets international standards for quality in its manufacturing processes.

Ease-of-Use Commendation

This seal of approval from The Arthritis Foundation indicates that a product is easy to use by those with arthritis.

GREEN INITIATIVES

OPERATING MINDFULLY

Brownmed's manufacturing facility is nestled within the lowa Great Lakes. In fact, it is less than five miles away from one of only three blue water lakes in the world, West Lake Okoboji. This area is home to more than 500 animal species and we have nearly 20,000 Public Wildlife Acres. Respect for and preservation of the environment is ingrained in our culture at Brownmed.

OUR ACTIONS – THE BUILDING AND GROUNDS:

We've transitioned to geothermal energy. This eliminated the need for all natural gas for heating. In addition, all air conditioning is provided by geothermal energy. Lighting is provided by high efficiency fluorescent bulbs that we recycle through an approved Universal Waste Management Company. We voluntarily requested a facility-wide waste management and environmental compliance survey by the lowa Waste Reduction Center (2005). The lawn sprinkler system is supplied with water from a water retention pond fed by runoff from our roof and parking lot drains.

OUR ACTIONS – MANUFACTURING PROCESSES:

Our plant runs on a 4/10 schedule, which reduces our employee's commuting gas consumption by 20%. All used oil is recycled through a used oil recycler. All scrap vinyl and aluminum is recycled.

OUR ACTIONS - PACKAGING AND SHIPPING:

IMAK Compression, IMAK RSI and IMAK Ergo display boxes are made from 75% recycled pulp.

IMAK Compression, IMAK RSI and IMAK Ergo inner and outer cartons are made from 100% recycled pulp. Recycled paper is used for packing fill material. Customers are invoiced electronically to reduce paper use.

OUR ACTIONS - RECYCLING:

All cardboard generated in the plant is recycled. All batteries are recycled. The ergoBeads found in many of our IMAK Compression, IMAK RSI and IMAK Ergo products are 100% recyclable.
