INTERNAL PAIN ARTHRITIS CARE

Today arthritis strikes 54 million Americans – that's more than one in every five adults shopping in your stores.

IMAK® Compression provides product options for all-day comfort and targeted relief from the pain of arthritis.

Also available in private label.

Ease of Use

BENEFITS

- Only line of compression products commended for Ease of Use by the Arthritis Foundation
- · Comfortable non-invasive arthritis relief that lasts all day
- Mild, targeted compression provides warmth and relieves joint swelling
- May help with neuropathy and poor circulation

Compression Gloves with Ease of Use Commendation from the Arthritis Foundation up 19% over year as of October 2017.

BRACES, WRAPS + KINESIOLOGY PERFORMANCE + SUPPORT

Spark Kinetic Sleeves use patentpending technology to combine the benefits of kinesiology tape and compression in easy to use, comfortable sleeves. Plus, they're intuitive to put on and won't leave sticky residue when removed.

Now anyone can focus more of their energy towards achieving their fitness goals. Carpal tunnel surgery is the 2nd most common surgery performed in the United States.

IMAK RSI products provide relief from repetitive strain injuries and are renowned for their comfort and efficacy. **FIRST AID**

CAST + BANDAGE PROTECTION, SLINGS, SPLINTS, COLD THERAPY WRAPS

Seal-tight is the #1 brand in moisture protection for 25 years. All Seal-tight products are latex-free, easy to use and guaranteed to perform.

Seal-tight keeps casts and bandages dry.

Joslin is #1 brand of arm slings at retail for more than 10 years and counting. Designed for extraordinary comfort. Available in 5 sizes from Toddler to Goliath.

- Easily adjusted in seconds
- Machine washable
- Designed to fit any size

Plastalume is the World's 1st aluminum/foam finger splint patented by Dr. Ivan E. Brown in 1965. Plastalume offers the best in splinting technology.

- Easy to apply and wear
- Conforms to finger
- Protects and promotes healing

Also available in private label.

Polar Ice® delivers the benefits of cryotherapy with compression for soft tissue trauma. By reducing pain and controlling edema or swelling, cold therapy allows faster return of normal function.

Encapsulated ice packs filled with purified water are encased in soft fleece material that eliminates migration of ice during use.

FOOT CARE NICE STRETCH, SOFT STRIDE + STEADYSTEP

An estimated 10% of the population will develop heel pain over the course of their lives. Plantar Fasciitis remains the #1 cause of heel pain among adults and is common among a broad range of occupations where the individual is frequently on their feet.

Nice Stretch® products have options for 24 hour comfort and targeted relief from the pain of plantar fasciitis.

RELIEF FOR

- Plantar Fasciitis
- Heel Pain
- Achilles Tendonitis

Also available in private label.

Soft Stride[™] is a comprehensive line of flexible foot orthotics that addresses many specific ailments and injuries to feet, heels, ankles, arches and legs.

These products redistribute pressure, attenuate shock and provide pain relief. Athletes receive comfort during strenuous training and people who stand for long periods benefit from decreased fatigue and pain. The viscoelastic polymer mimics the qualities of soft body tissue and won't break down over time. **SteadyStep®** products make walking easier and more comfortable.

Perform 8[™] is a patented ankle stabilizer which features a neoprene compression stocking coupled with non-elastic strapping that wraps in the figure 8. Perform 8 provides an easy to apply external stabilization similar to ankle taping. The special design feature includes foam pads parallel to the Achilles tendon, providing protection and relieving posterior pressure.

ALTERNATIVE TENS DEVICES WEARABLE VIBRATION THERAPY

Vibrations serve as sensory distractions, disrupting pain signals constantly traveling from your body to your brain and replacing them with gentle massaging sensations.

TARGETED RELIEF FROM PAIN

Gloves, mask, headache band and wraps specifically designed to fit any part of the body and can be worn almost anywhere, anytime for immediate relief.

CUSTOMIZED THERAPY MODES

Three distinct levels of vibration to help provide the perfect level of relief.

SAFE NON-INVASIVE VIBRATION THERAPY

Unlike TENS, vibration therapy can be used by anyone, including those who may be pregnant or with pacemakers.

RELIEF FOR

- Muscle stiffness and soreness
- Headaches, migraines and sinus pain
- · Painful joints and arthritis
- Post surgery pain

PROVEN RESULTS

A recent study by the Pain Management Center in conjunction with Brigham and Women's Hospital and Harvard Medical School found Intellinetix vibration therapy may significantly reduce pain among those living with arthritis. Vibration therapy may also reduce inflammation as well as improve joint flexibility and strength.

SLEEP SLEEP THERAPY BY IMAK COMPRESSION

SLEEP THERAPY BY

Sleep Therapy by IMAK[®] Compression provides product options for sleep and relaxation.

The **HappiNeck**[®] offers the ultimate in neck comfort and support, for traveling or relaxing. It helps relax your neck muscles by supporting your neck and head.

The **Eye Pillow** conforms to face and eyes and is guaranteed to block out light. Made of soft, breathable cotton material, Eye Pillow is comfortable to wear. Weighted compression and patented construction offer cooling relief and a gentle massaging affect around your eyes.

ERGONOMIC SUPPORT IMAK ERGO

IMAK Ergo products provide ideal ergonomic comfort for the digital world and are designed with comfort and efficacy in mind.

ergoBeads® Technology

ErgoBeads are specially designed plastic beads that glide comfortably against your skin. This creates a massaging effect to help increase blood circulation and help promote healthy muscle tissue.

CORPORATE PROFILE

HUMAN RIGHTS POLICY

Our policy focuses on fostering the following components in our workplace and the manufacturing facilities we partner with:

- Respect for Human Rights
- Community and Stakeholder Engagement
- Valuing Diversity
- Safe and Healthy Workplace
- Workplace Security
- Anti-Forced Labor and Human Trafficking
- Anti-Child Labor
- Work Hours, Wages and Benefits
- Guidance and Reporting for Employees

CERTIFICATIONS

CE Declaration of Conformity

The CE Marking allows Brownmed to trade its products freely within the European Union.

Certificate to Foreign Government

The Certificate to Foreign Government is a United States Food and Drug Administration document which indicates that products manufactured by Brownmed are subject to the jurisdiction of the FDA.

ISO Certification

ISO Certification ensures Brownmed meets international standards for quality in its manufacturing processes.

Ease-of-Use Commendation

This seal of approval from The Arthritis Foundation indicates that a product is easy to use by those with arthritis.

GREEN INITIATIVES

OPERATING MINDFULLY

Brownmed's manufacturing facility is nestled within the lowa Great Lakes. In fact, it is less than five miles away from one of only three blue water lakes in the world, West Lake Okoboji. This area is home to more than 500 animal species and we have nearly 20,000 Public Wildlife Acres. Respect for and preservation of the environment is ingrained in our culture at Brownmed.

OUR ACTIONS – THE BUILDING AND GROUNDS:

We've transitioned to geothermal energy. This eliminated the need for all natural gas for heating. In addition, all air conditioning is provided by geothermal energy. Lighting is provided by high efficiency fluorescent bulbs that we recycle through an approved Universal Waste Management Company. We voluntarily requested a facility-wide waste management and environmental compliance survey by the Iowa Waste Reduction Center (2005). The lawn sprinkler system is supplied with water from a water retention pond fed by runoff from our roof and parking lot drains.

OUR ACTIONS – MANUFACTURING PROCESSES:

Zoned lighting system and skylights maximize energy efficiency. All used oil is recycled through a used oil recycler. All scrap vinyl and aluminum is recycled.

OUR ACTIONS - PACKAGING AND SHIPPING:

IMAK Compression, IMAK RSI and IMAK Ergo display boxes are made from 75% recycled pulp.

IMAK Compression, IMAK RSI and IMAK Ergo inner and outer cartons are made from 100% recycled pulp. Recycled paper is used for packing fill material. Customers are invoiced electronically to reduce paper use.

OUR ACTIONS - RECYCLING:

All cardboard generated in the plant is recycled. All batteries are recycled. The ergoBeads found in many of our IMAK Compression, IMAK RSI and IMAK Ergo products are 100% recyclable.
