

WHAT IS YOUR MOISTURE PROTECTION IQ?

Brownmed created the cast and bandage protection category with the introduction of SEAL-TIGHT in 1989. Today, SEAL-TIGHT remains the #1 brand for cast and bandage protection by a wide margin (Source: Nielsen 2017). Seal-Tight products are designed to work with fiberglass and plaster casts, as well as surgical dressings.

DID YOU KNOW

Many different types of healthcare facilities need solutions for moisture protection.

hospitals

clinics

podiatrists

school nurse

man with diabetes

child with broken arm

Different types of moisture protection is needed to perform many daily activities.

bathing + showering

swimming + jacuzzi's

surgery after-care

showering with PICC lines

paramedic

dentist

Moisture protection needs vary, so there is a solution for everyone.

THE AVERAGE CITIZEN IN A DEVELOPED COUNTRY CAN EXPECT TO SUSTAIN TWO FRACTURES OVER THE COURSE OF THEIR LIFETIME

Using Seal-Tight line of moisture protection products may reduce the need for cast replacement, promote healthy hygiene and reduce infections.

AAOS THE AMERICAN ACADEMY OF ORTHOPAEDIC SURGEONS'

website says: "Purchase waterproof shields to keep your splint or cast dry while you shower or bathe."

All SEAL-TIGHT PRODUCTS are latex-free, easy to use and guaranteed to perform.

PROPER DIET AND EXERCISE

May help in preventing some fractures. A diet rich in calcium and Vitamin D will promote bone strength.

Weightbearing exercise also helps keep bones strong.

537 million adults are living with diabetes.

An estimated 15% of which will develop an active foot ulceration. For those people, appropriate wound management includes the use of dressings and topically-applied medications. Protect the dressings while you bathe with Seal-Tight products designed specifically for foot/ankle.
