

**EXPERTLY RESTORED,  
RAPIDLY HEALED**

AS LONG AS SEAL-TIGHT®  
PROTECTS MY WORK

  
**seal tight**®  
The easy durable way to stay dry™

**DOCTOR RECOMMENDED**

**Patient:** Jon Lewis

**Diagnosis:** Fractured fibula

**Treatment:** Set, cast  
and prevent moisture  
infiltration with  
**Seal-Tight**  
cast protector.

# Your work is vital. Protect it with Seal-Tight.

Whatever cast, splint or bandage materials you use, SEAL-TIGHT is the professional, post-treatment solution. Avoid cheap alternatives that can leak. Instead, rely on the original—SEAL-TIGHT cast and bandage protectors— to keep casts really dry, reduce potential infections and avoid recasting.

## INFINITY

- Patented, unique, infinity edge enhances protection and prevents water pooling around seal site
- Molded grips for easy, no-slip application
- Forms uniform watertight seal on the limb
- Comes in adult and pediatric sizing, with models ranging from 11" to 42" in length
- Reusable and guaranteed to last the life of the cast

## ORIGINAL

- Eliminates re-casts by using most advanced technology to prevent moisture penetration
- Keeps casts and skin dry and reduces potential infections
- History of innovative excellence assures that you're providing the most-trusted medical solution
- Comes in adult and pediatric sizing, with models ranging from 11" to 42" in length
- Reusable and guaranteed to last the life of the cast

## PROTECTOR

- Easy to slip over PICC lines for an effective covering
- Superior protection – keeps moisture from penetrating elbow and knee bandages
- Convenient for bathing – keeps hands free
- Latex-free, watertight seal-protects without taping
- Reusable and available in three arm sizes and three leg sizes

## SHIELD

- Disposable, transparent patches feature tab for easy application
- Versatile protection – keeps wounds, dressings, IV and surgical sites or PICC lines clean and dry
- Latex-free and easy to apply with skin-friendly, medical grade adhesive
- Each Shield covers areas up to 3½" x 6"

## SPORT

- Latex-free, watertight seal is perfect for active youngsters and adults
- Easy to use and safe for water sports, whirlpools or hot tubs
- High-performance, TPE vinyl stretches easily
- Reusable and available in pediatric and adult sizes

# With the Seal-Tight lineup, You make the choice.

It's easy to make sure patients use SEAL-TIGHT moisture-protection products. Whether you're in an orthopaedic, podiatric or general practice, it's your choice – stock the SEAL-TIGHT line conveniently in your office or refer patients to a SEAL-TIGHT retail outlet. Your SEAL-TIGHT representative has complete details.

## SEAL-TIGHT IN-OFFICE STOCKING

- Offer exactly the right products for sale to patients in the office
- Minimal stocking space, easy ordering, simple transactions
- On-time delivery and generous margins
- A patient-focused way to increase cash flow

## SEAL-TIGHT PATIENT REFERRAL
