

THERAPY MASK

TARGETED PAIN RELIEF FOR HEADACHES + SINUS PRESSURE

100% DRUG-FREE RELIEF FROM PAIN

Vibrations serve as sensory distractions, disrupting pain signals constantly traveling from your body to your brain and replacing them with gentle massaging sensations.

CUSTOMIZED THERAPY MODES

Three distinct levels of vibration to help provide the perfect level of relief.

SAFE NON-INVASIVE VIBRATION THERAPY

Unlike TENS, vibration therapy can be used by anyone, including those who may be pregnant or with pacemakers.

PROVEN RESULTS

A recent study by the Pain Management Center in conjunction with Brigham and Women's Hospital and Harvard Medical School found Intellinetix vibration therapy may significantly reduce pain among those living with arthritis. Vibration therapy may also reduce inflammation as well as improve joint flexibility and strength.

Patent number 7,601,168. Other patents pending.

USE FOR

- Headaches
- Migraines
- Sinus Pain
- Post Surgery Pain
- Eye Strain

Embedded vibration provides targeted relief

Patented dart design avoids irritating eyelids

ergoBeads® Technology
ergoBeads are specially designed beads that help transmit vibrations throughout eye mask to create a gentle massaging effect and aid relaxation.

Adjustable band holds mask in place
Extra wide banding holds mask securely and comfortably in place. Easy to use and guaranteed to block out light.
