AND LOOP STRAPS

SOFT FLEECE
PROTECTS SKIN

KNEE WRAP WITH ICE PACK INSERT

30103 UNIVERSAL SIZE

Polar Ice Knee Wrap delivers the benefits of cryotherapy with compression for soft tissue trauma. By reducing pain and controlling edema or swelling, cold therapy allows faster return of normal function. Encapsulated ice packs filled with purified water are encased in soft fleece material that eliminates migration of ice wrap during use. Easily adjusted with hook & loop closure straps, fleece wrap conforms to body and insulates skin to prevent frost bite. Use post-surgically, during rehabilitation and following physical activity.

Material Contents:

Outer shell: 100% nylon facing/poly foam core. 100% nylon tricot backing. 100% polyester.
Elastic: 100% nylon facing. Inner pack: water, polyethylene.
