

NICE STRETCH®

90 *for Nighttime Use*

NICE STRETCH® 90 is a patented fixed angle night splint for plantar fasciitis. Coupling passive stretch capability with cold therapy to reduce inflammation, Nice Stretch 90 provides an improved treatment protocol for patients.

Other features include a **Polar Ice®** insert for cold therapy to reduce inflammation, toe lift for toe extension and additional stretch, midfoot strap to improve stretch and secure heel in boot and adjustable bilateral straps to provide continuous stretching of soft tissue.

Helps Relieve:

- Plantar Fasciitis
- Achilles tendonitis
- Plantar flexion contractures
- Tight triceps surae

Key Benefits:

- Fixed angle support
- Rigid, low profile design
- Non-skid treads
- Removable ice pack and toe lift

Item #	Size	Men	Women
